The construction industry is grappling with supply chain volatility, rising material costs, intensifying competition, and shifting regulations, creating significant challenges for enterprises across the sector. In this general situation, the Company made efforts to achieve the planning goals submitted to the General Shareholders' Meeting (GSM), maintain stability in production and business, and create a solid foundation for operations in the coming years.

In 2025, although the construction industry faced many difficulties, the Company achieved very positive results. The Company has successfully achieved and exceeded the targets set forth in the Annual General Meeting of Shareholders for 2025. Specifically;

In the unpredictable and unfavorable economic situation, the above-mentioned Company's Business results are remarkable efforts that deserve recognition, in which the BOD highly appreciated the management and direction of the Executive Board (EB), which has ensured growth targets as well as stability in all areas of the Company's operations. This is a solid foundation for the Company to continue to grow strongly in the coming years.

In 2025, The Company completed 103,67% of the revenue target plan, and 107,91% of the benefit profit after tax plan which approved by the General Meeting of Shareholders on April 18th, 2025, mainly due to objective factors and some difficulties in the process projects.
